Guide for Children and Young People by Children and Young People

Statement of special Educational Needs

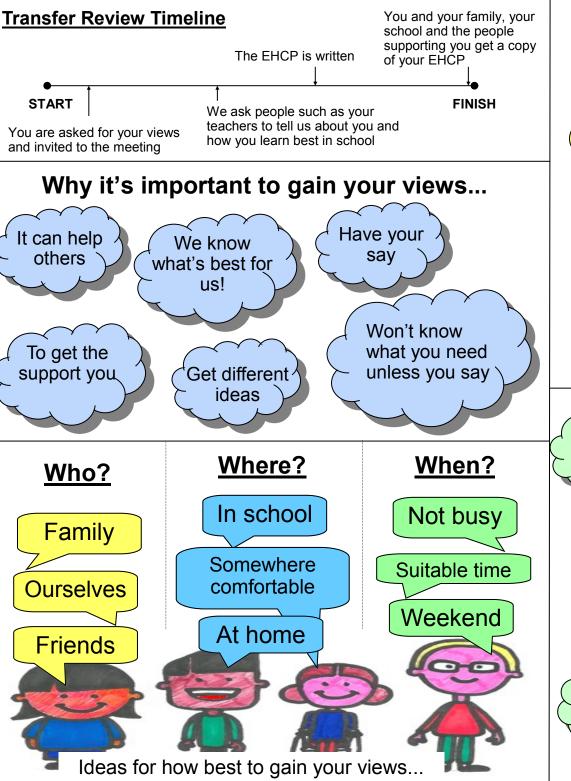

It is an educational document that:

- Tells us a little about you and your family's views
- Explains the support you need in school to help you learn
- Tells us if you have health, medical or social care needs

Education Health and Care Plan

It is an educational document that:

- Tells us a lot about you, i.e. Your favourite things, how to support you in school, what you want to do when you're older
- Tells us a lot about your family's views, i.e. what they think about you and your learning, what support you might need in school, what activities you do
- Tells in detail if you have health, medical or social care needs
- Describes in detail the support you need in school to help you learn and achieve
- Tells us about your future plans, i.e. going to college

Examples of what may work best for you to give your views...
