Brief Summary of why the request is being made

In no more than 200 words please explain why you are making a referral for an EHC needs assessment. This should focus on a brief description of the needs of the child, information about what you have already done to support the child or young person and what outcome is being sought should an EHC plan be issued (i.e. additional funding, consideration of alternative placement for example).

Part 3 Parental views, wishes and aspirations

It is expected that part 3 of the form will be completed by the professional completing the EHC needs assessment form through discussion with the parent. Once information is placed on the form the parent will need to sign it (part 14), to say that the information is correct and that they are happy for it to be distributed to the various professionals who will be involved in the EHC needs assessment.

Please refer to paragraph 5.3 in the guidance should a parent wish to work with an alternative professional to complete this part of the request form.

Please provide a description of your child now. *(Include what they enjoy, what and who is important to them and their strengths alongside any concerns. You may want to include details about their friendships and social skills, learning, independence and self-care, general behaviour and well-being).*

--

What are your hopes and aspirations for the future? *(Include details about goals for the short and long term. Where appropriate consideration should be given to a young person's aspiration for paid employment, independent living and community participation).*

--

What do you think is working well at the moment? *(Include details about what is happening in school or other educational setting, community activity, interests and clubs)*

Do you have any services supporting your family? *(i.e. Inclusion & Support, social care, Early Help, Disabled Children's Team)*

Is there anything else you would like to tell us about your family?

Part 4 Child Views – One Page Profile

Please gather what is important to the child or young person, what activities and hobbies they like, important people to them, what they don't like, how they feel about school, who helps them and what they would like to get better at using a one page profile. You are able to attach this as a separate document rather than include it in the EHC needs assessment form if you prefer. See Appendix A for further details about how to complete a one page profile, example templates and working examples.

Part 5 Indicator 1 - Description of Need

Please indicate the primary area of need using 1. Please then indicate any other areas of need in rank order of importance from 2 to 4, where appropriate. (i.e. 1 = primary, need 2 = secondary need etc.) You do not need to rank an area of need that does not apply to the child/young person.

Cognition and Learning	Communication and Interaction	Social, Emotional and Mental Health	Physical/Sensory/Medical

Please provide more specificity by indicating areas of need that apply, again using a ranking order with 1 showing the primary area of need.

Moderate learning difficulties		Speech and language difficulties		Social difficulties		Physical difficulties	
Specific learning difficulties		Autistic Spectrum Disorder		Emotional difficulties		Visual impairment	
Severe learning difficulties		Social communication difficulties		Mental health difficulties		Hearing impairment	
Profound and multiple learning difficulties				ADD/ADHD		Medical difficulties	

Are there any other known significant factors relating to their SEN? If yes attach copies of relevant information/advice

Health Yes No

Home Circumstances Yes No

Attendance Yes No

Social Relationships Yes No

Please provide a brief description of need (no longer than 500 words) about the nature, extent and context of the child or young person's special educational need and impact on access to the curriculum.

You must use Telford and Wrekin's published criteria (see Appendix B) to show that the need is significantly greater than other learners of the same age and is likely to be long term. For ease, the criteria has been coded and you should make reference to those codes in your description. Published criteria can also be found at www.telfordsend.org.uk

Part 6 Indicator 2 – The graduated approach

Please describe the support that has been put in place over time to meet the child or young person’s special educational need.

Please provide an explanation of the actions you have already taken to meet the child or young person’s special educational need. You need to include detail of when SEN support was first initiated and how many cycles of Assess, Plan, Do, Review (APDR) have happened.

You can use the tables below to describe your APDR cycles or you are able to include recent (i.e. not older than 12 months) individual learner support plans/provision maps to evidence your graduated approach. Don’t forget these must show the child’s targets and be amended in light of previous cycles of APDR. The most recent individual learner support plans/provision maps must show evidence of how you have drawn on more specialist expertise from outside professionals.

How to fill out the APDR tables below

What did you do?	For how long?	What was the impact?	What did you do next?
This should include detail about what you are targeting and what intervention you put in place.	When did this begin and when did it end?	How much progress did the child make compared to where they started?	What worked? What did not? Did you change targets or the intervention? Did you change the frequency of intervention? Did you seek more specialist input?

APDR cycle 1

What did you do?	For how long?	What was the impact?	What did you do next?

APDR cycle 2

What did you do?	For how long?	What was the impact?	What did you do next?

APDR cycle 3

What did you do?	For how long?	What was the impact?	What did you do next?

APDR cycle 4

What did you do?	For how long?	What was the impact?	What did you do next?

Please add or delete as many APDR cycles as appropriate. Please remember there is not a specified amount of cycles or a set timeframe before a request for an EHC assessment can be made, although in the majority of cases a number of successive cycles is expected.

Part 7 Indicator 3 – Use of external professionals

It is likely that you have already specified some outside agencies that have been involved with the child in part 6 when detailing your graduated approach. Please use the table below to specify all professionals that have been involved with the child or young person.

Previous and current support from outside agencies

Service	Name of professional and contact details	Date of visit, assessment or intervention	Outcome (e.g. advice, assessment, discharge)
Educational Psychology

BSAT

Please include a copy of any written feedback (within the last 12 months) that has been provided by those professionals.

Part 8 Indicator 4 – Provision

Current support provided

All mainstream schools, settings and colleges are provided with resources to support children/young people with additional needs, including pupils with SEN and disabilities and schools are expected to fund up to £6000 to support those with special educational needs ([section 11, Schools and Early Years Finance Regulations, 2015](#)). Please identify the provision made from the school / colleges delegated budget).

Type of provision with staff to pupil ratio (in class, small group, 1:1)	Objective of provision	Frequency & Duration	Delivered by	Start date	Annual Cost

*NB: Schools can include their own documentation (scanned provision map/spreadsheet etc.) to evidence the costed provision. This **must** show annual costs.

Part 9 Attainment data/progress over time

Please provide the child or young person's attainment data and how that compares to the expectation for children of the same age. Please use the most relevant table depending on the child/young person's age.

Early Years Foundation Stage Curriculum Levels: Date of Assessment: _____

	Personal Social and Emotional Development	Communication and Language	Physical Development
Child's attainment level			
Where would a child of the same age be expected to attain and how far below is the child?			

Key stage 1/2 Current Attainment Date _____ NC Year _____

	English Reading	English Writing	Maths	Phonics and or SPaG
Where would a child of the same age be expected to attain and how far below is the child?				

Key stage 3/4 Current Attainment Date _____ NC Year _____

	English	Maths	Science	Other: Please specify
Where would a child of the same age be expected to attain and how far below is the child?				

Level of Progress

Please provide details **of last 3 years' progress**, where you are able, and information with regards to the school's method of tracking progress.

You must explain your setting's tracking system as they are now all unique. You must show us the 'whole scale' and it must be clear how far behind the child is, relating to the curriculum, compared to peers of the same age. Top Tip: **Do not** state 'below age related expectation' as this does not specify how far below the child is performing in comparison to their peers.

Part 11 Medical Questionnaire

The professional completing this request for an EHC assessment must talk with parents and young people to fill out part 11. Please use the script so that they understand the purpose of the questionnaire:

As part of the Education, Health and Care Assessment process, the Local Authority is required to seek medical advice. This is because they need to find out whether or not a child's learning at school is affected by a medical condition. The medical questionnaire will be looked at by a Community Paediatric.

Parents of children and young people already known to a range of health professionals will be offered the option of a Paediatric appointment for a general health check-up. Where children are not known to other health professionals a paediatric appointment will automatically be offered.
