

## **SEND Monitoring Details**

- A list to show the children in the setting who have SEND
- Add on the child's details whenever you begin to keep records of your concerns or have reports from outside agencies
- You will need to have parental consent to add the child's name to the list
- You may include children of any age on this list, regardless of where they live. It is your evidence that you are monitoring children's progress and development.
- Some children may start at your setting with reports from outside agencies e.g. Speech and Language Therapy, Occupational Therapy, Physiotherapy, Telford Child Developmental Centre.  
These children will be recorded at EY SEND Support on your monitoring sheet.
- Review the list regularly (at least every 6 weeks) and make sure that all details are up to date.
