WELCOME

WELCOME TO THE APPRENTICESHIP, EMPLOYMENT AND SKILLS SHOW 2023 WHICH IS BACK BIGGER AND BETTER THAN EVER.

We're delighted that the show has returned to Telford International Centre and is the largest event of its kind this side of the NEC in Birmingham. It promotes local apprenticeships, jobs and training opportunities to people of all ages across Telford, Shropshire and the West Midlands.

Telford & Wrekin Council has worked with main event sponsors – The Careers & Enterprise Company, Integrated Care System (NHS Shropshire Telford and Wrekin), Telford College and Harper Adams University – to stage this year's event after a three year absence.

Apprenticeships are a great way to build the workforce of tomorrow and are now seen as a very viable alternative to university.

More and more employers are offering a range of apprenticeships, giving people the opportunity to learn new skills, gain hands-on workplace experience and achieve qualifications.

The Apprenticeship, Employment and Skills Show allows you to come and meet these employers and find out more in person about an apprenticeship you're interested in

However, the event isn't just about apprenticeships and opportunities for young people. Whatever your age, if you're looking for a new career or interested in a particular career path but not sure what qualifications or training you might need, today is an opportunity to speak to employers you want to

work for and find out more about full time roles and the path you need to take to get there.

More than 50 of the biggest local and national employers and education providers are here to showcase the wide range of opportunities they offer.

At today's event, you'll be able to try hands-on activities that employers and training providers are offering to get a better understanding of the roles available.

Employers will be able to offer support and advise you, helping you make that all important decision about your first career or even a change in career.

Take your time today to speak to as many different exhibitors as you can – you never know what career opportunity is round the corner!

Best wishes,

Councillor Eileen Callear (Labour), Telford & Wrekin Council Cabinet Member for Visitor Economy, Employment and Skills.

Councillor Shirley Reynolds (Labour), Telford & Wrekin Council Cabinet Member for Children, Young People and Families.

THE MJ

LOCAL AUTHORITY
OF THE YEAR 2022

JOIN TEAM TELFORD

Would you like to work for an 'Outstanding' local authority?

There has never been a more exciting time to join Telford & Wrekin Council – making a positive difference to the lives of our residents and making the borough a great place to live.

We value our staff highly and this is just one of the reasons why we were named Local Authority of the Year at the "MJ Awards 2022" – the Oscars of local government.

We're committed to developing excellent practice and ensuring our staff receive the best support we can offer.

We have a wide variety of full-time and part-time roles and apprenticeships right across the council including engineering, social work, administration, teaching, accountancy, law, IDT, catering, leisure and sport.

As a member of our team you would be at the heart of everything we do - helping us to deliver great services every day.

So if you're an enthusiastic individual determined to succeed and want to help us maintain our high standards – a role with us could be the perfect fit for you.

We make sure we reward our staff for the work they do and as a council employee there are many benefits of working for us which include:

- A fantastic pension scheme
- Flexible working to fit in with family commitments
- An employee discount scheme that includes everything from supermarket discounts to holiday offers

Check out our latest vacancies and come and join us. Be part of a fantastic team.

WE'RE HIRING!

Get full support on a clear career route

Telford College are firm believers that apprenticeships are real jobs that provide a chance to gain valuable qualifications alongside real-world work experience. With an apprenticeship, you're on a clear career route. There's a place and a pathway for you to take, and you'll begin earning your salary from the very first day on the job. Since September 2022, we have placed apprentices at over 50 new companies and continue to grow our company portfolio to confirm placements for apprentices.

"Telford College offer a number of apprenticeship opportunities to employers and candidates in our local area, covering a diverse range of sectors. We aim to offer expert advice for employers to know which apprenticeship qualifications can support job roles within their company, as well as giving support on how to fill skills gaps and shortages. These opportunities are incredibly important as they allow us to support local people looking to gain an apprenticeship in a field that they want to develop their career in. We intend to give an excellent service to both employers and apprentices from our very first conversation, right through the recruitment process, enrolment, and journey of the apprentice to completion."

Join us and make a difference

Looking for a career in health and care? Here in Shropshire, Telford and Wrekin, we pride ourselves on offering a rewarding place to work, set within one of the UK's most beautiful regions.

By bringing together talented, dedicated individuals, we create a collaborative environment where we strive to continually improve services and make a positive difference to the communities we serve.

We place great importance on recognising the hard work and dedication shown by our staff, enabling talented individuals to access opportunities to progress and enhance their careers. And it is this collaborative culture that we are keen to build on with the help of fresh talent.

We have lots of clinical and non-clinical roles available right now across our NHS, local authority and third sector partners. So get started on your new career TODAY!

The Marches
CAREERS HUB

THE CAREERS &
ENTERPRISE
COMPANY

The Marches Careers Hub supports institutions within the local authority areas of Herefordshire, Shropshire and Telford & Wrekin and works to transform careers education across The Marches region by linking education with business and helping secondary schools and colleges achieve the Gatsby Benchmarks of world class careers guidance. More information around these benchmarks can be found [here](#).

Careers Hubs are a central part of the government's careers strategy which aims, through funding the Careers & Enterprise Company and its network of careers hubs, to help all secondary schools and colleges implement high quality careers guidance to support young people in making more informed decisions around their future choices.

The Marches Careers Hub team are embedded within the Marches Local Enterprise Partnership and its local authority partners across Herefordshire, Shropshire and Telford & Wrekin. The team is headed by a Hub Lead and supported by specialist Enterprise Co-ordinators in each of the local authority areas who support schools and colleges to ensure that high quality careers guidance is delivered to all pupils and students.

The Hub is also supported by a network of Enterprise Advisers drawn from the local business community, who share their knowledge and experience around job

opportunities, key skills and recruitment to inspire and raise aspirations of young people. The Hub is always looking for business volunteers to support its schools and colleges in providing meaningful careers education representative of our local labour market.

The Hub organises regular activities to support careers staff in schools and colleges to help them stay up to date with the latest news and developments in careers guidance and also maintain an overview of the current and future jobs market, both nationally and locally. It also delivers sessions specifically for parents, carers and young people to help understand and navigate the various pathways available, for example, the new T Level qualifications.

If you would like to find out more about the work of the Marches Careers Hub, then please visit our website or contact the team at careershub@marcheslep.org.uk

harper.ac.uk/short

Schools Liaison

The University's Schools and Colleges Outreach Team works closely with students, teachers and careers advisors to inspire and encourage youngsters to explore higher education and the rewarding careers it can lead to.

harper.ac.uk/outreach

Harper Adams is the University for food production, animal health and sustainable living environments, based in the Shropshire countryside.

Our mission is to advance knowledge; to inspire and equip learners to deliver real change, building a sustainable future for our living planet by working collaboratively on practical research, innovation and new technologies.

We bring together a wide range of students, businesses and research projects locally, nationally and internationally.

We are proud to sponsor the apprenticeship, employment and skills show and aim to provide an insight into the range of careers within the food and farming sector.

Come and talk to us about what we can offer and the range of careers they can lead to.
