

Young People Zone – Easy Read Guide

The SEND Local Offer is a website that gives simple, helpful information and advice about education, health, and care services that support children and young people with Special Educational Needs and Disabilities (SEND) and their families.

We created a page for young people so that they can easily access the information that is most important to them.

We wanted this page to be helpful, so we asked young people what they thought. We listened to their ideas at local youth groups, including the SENDIASS Elevate group and The Autism Hub Synapse group.

Young People Zone – Easy Read Guide

Here are a few ideas that they had:

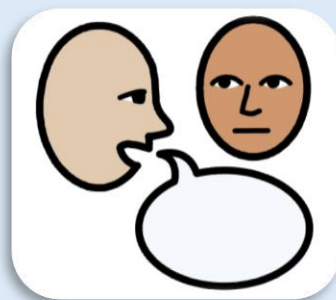

- Information shown in images, text and videos so they can choose the one they like best
- Lots of colour to be neurodiverse friendly
- Information about activities and events
- Information about travel
- Information about higher education

We used these ideas to create the Young People Zone. We hope you like it!
