

## Telford and Wrekin RAS Table - Secondary Age 11 - 17 (School Year 7 to 13 )

		<b>Assessed needs and access criteria</b>	<b>RAS Points Score</b>	<b>Indicative Budget Per Year</b>
			<b>Budget Range</b>	
69	115	<b>No Support (no specialist support required) (Universal)</b>  Under 69 points means the young person's needs are established and good outcomes can be met through universal services. Child or young person will be attending mainstream school with or without support.	<b>0-69</b>	<b>£0</b> <b>£0</b>
115	130	<b>Small Support- Low level needs (Vulnerable)</b>  Between 70 and 115 points to a budget of up to £500 per year is available to support a young person's involvement in activities they enjoy. This will be managed through early intervention, e.g. 6 week intensive support by A2A to enable ongoing independence at universal activiites	<b>70-115</b>	<b>£1</b> <b>£500</b>
130	145	Indicates a higher level of need within the small support band. At this score an Individual Budget may be required if young person needs a longer period of initial intensive support to access universal activities or support such as travel training	<b>116-130</b>	<b>£501</b> <b>£1,050</b>
145	160	Indicates the highest level of small support and shows usually that there is a mix of needs for support depending on the young person's activities. An Individual Budget may be required to support to access universal services, establish independence or where there are physical needs that would need a small amount of regular support	<b>131-145</b>	<b>£1,051</b> <b>£1,550</b>
160	170	Universal plus services - ican2 activities. The young person is able to attend ican or supported activities by themselves but has continuing support needs and will require an Individual Budget to establish independence/keep them safe.  Universal plus services - ican 2 activities - Indicates a higher level of some support. The young person will need some support initially to attend ican2 activities/achieve independence. Has continuing support needs and will require an Individual Budget as not able to access universal services without high level support.	<b>146-160</b>  <b>161-170</b>	<b>£1,551</b> <b>£2,100</b>  <b>£2,101</b> <b>£4,000</b>

		<b>Lots of Support - High Level Needs (Complex)</b>		
170	185	Level Two - Additional support to enable to access activities. CAF & TAC in place. Support from agency, outreach, direct payments and/or summer playscheme. Indicates the highest level of some support needs and shows that there is a mix of needs identified including some 1:1 support an Individual	<b>171-185</b>	<b>£4,001</b>
185	200	Level Three - Specialist Services. Social Worker assessment, may indicate need for overnight residential care. The young person has significant one to one support needs and will require substantial funding through an Individual Budget	<b>186-200</b>	<b>£6,501</b>
200	210	Indicates a higher level of some support with some scores indicating exceptional support in some areas, may indicate need for 2:1 support for some activiites or personal care needs	<b>201-210</b>	<b>£10,251</b>
		<b>Exceptional Support - Very Complex Needs and/or Exceptional Circumstances ) (Acute)</b>		
210	220	The young person has high care needs and requires a multidisciplinary discussion about how education and health funding will work in tandem with the substantial social care Individual Budget. Would indicate overnight support and support to access activities which the CYP would not be able to access alone, either due to behaviour or phisical needs.	<b>211-220</b>	<b>£12,251</b>
220	230	Indicates a higher level of Exceptional Support. The young person has high care needs and requires a multidisciplinary discussion about how education and health funding will work in tandem with the substantial social care Individual Budget. Would indicate overnight support and may need 2:1 support to access activiites which CYP could not access alone, either due to behaviour or physical needs.	<b>221-230</b>	<b>£14,251</b>
230	231	Indicates the highest level of Exceptional Support. The child has high care needs and requires a multidisciplinary discussion about how education and health funding will work in tandem with the substantial social care Individual Budget. Indicates high number of overnights required to prevent CYP becoming LAC.	<b>231 plus</b>	<b>£16,251</b>
				<b>£18,250</b>
